We import from the following countries

FAST COLLECTION

Through research and experience worldwide we have combined technical performance with the elegance in producing modern office furniture. We solve practical workplace needs with a comprehensive product portfolio that responds to individual workstyles and supports organizational goals.

FAST
EXECUTIVE

Black & Gold

The black color symbolizes wealth, mystery, power, elegance, intelligence, severity, mourning, death and being unknown. People who are interested in this color are serious, unattainable, wealthy, successful, self-confident, independent, selfish and egocentric.

The golden color is a symbol of success, wealth, reliability, kindness, generosity and power. By combining these two colors, we have reached to what they have in common. What every manager looks for: success, wealth and power.

EXECUTIVE MEETING TABLE

FAST Conference Table expresses confidence, quality, ingenuity and technology, so you can cater to the decision makers, the dreamers and the doers alike.

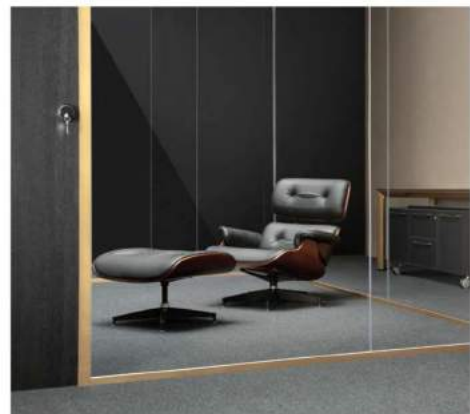

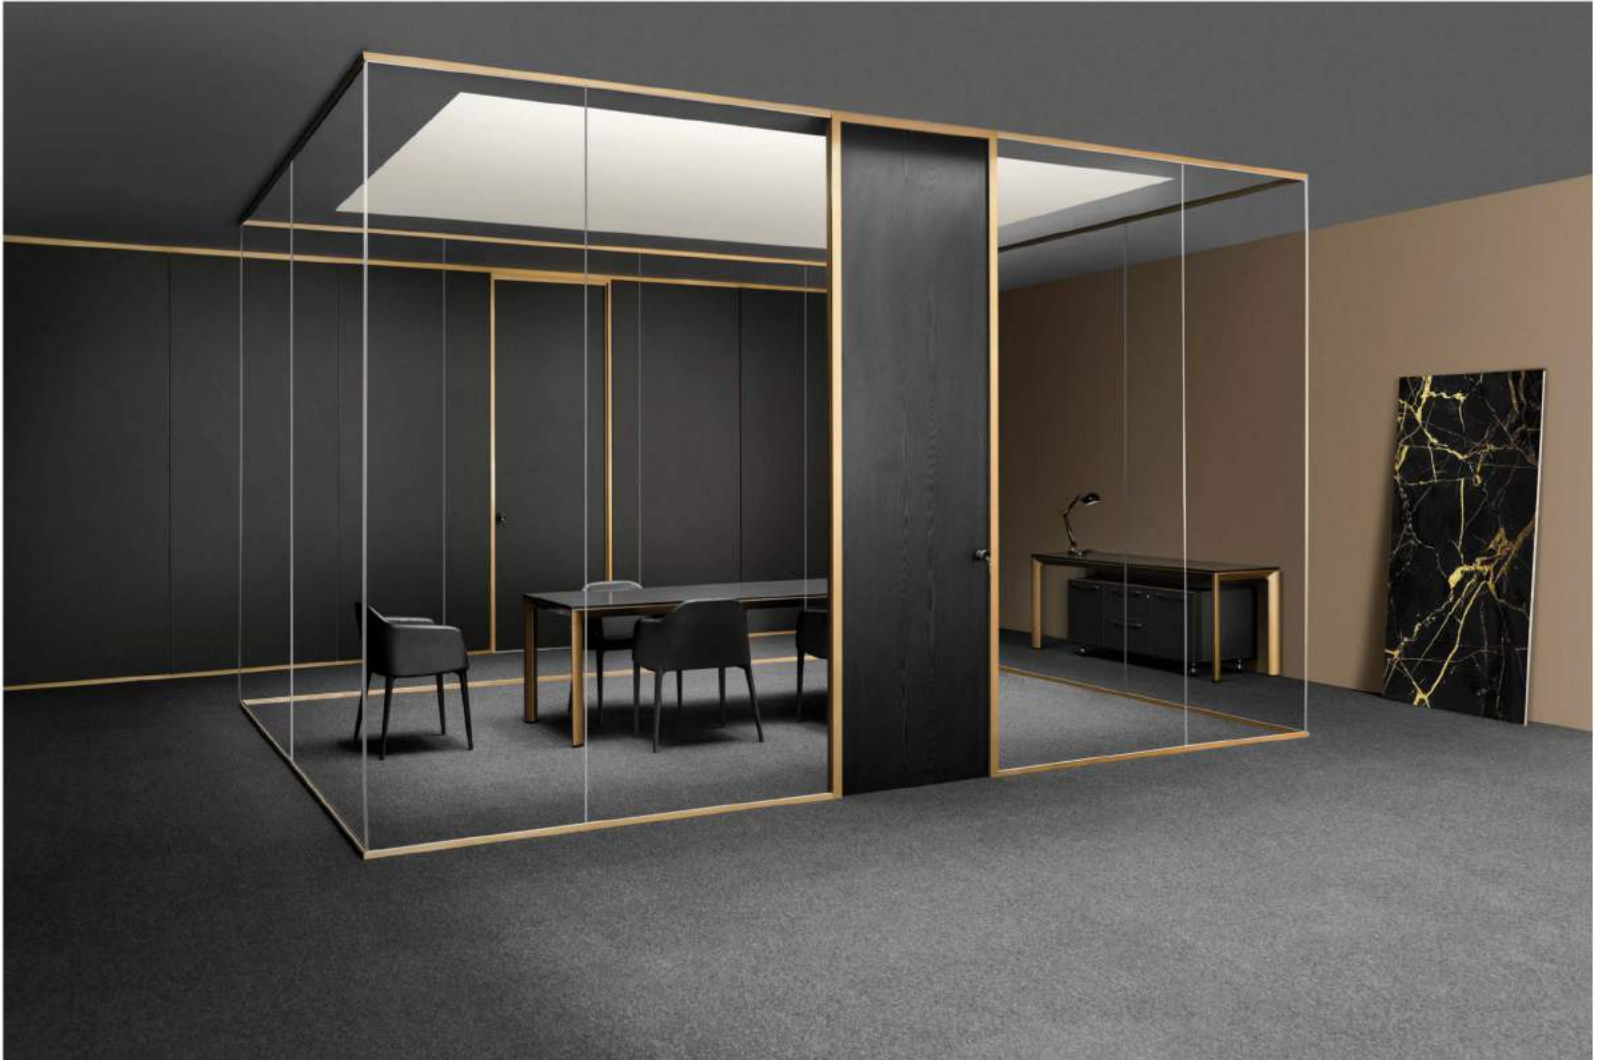

EXECUTIVE PARTITION WALL

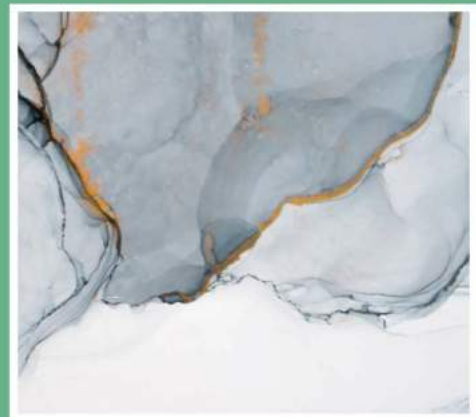

Frameless glass partitions are an ideal solution to create a transparent working environment. This single-glazed partition system creates attractive rooms with clear views.

FAST OPERATIVE

White color

In general, white is full of positive energy, which at the same time makes people calm. It will be interesting for you to know that white is the most favorite color in decoration, and is also known as the friend of minimalists, because it has many uses in minimal decoration.

OPERATIVE PARTITION WALL

The Double Glazed Partition System provides the transparency of glass yet the acoustic rating of a solid wall and with the opaque glass or integral operable blind privacy option. The system is ideal for interior offices, conference rooms, meeting rooms and atriums.

OPERATIVE WORKSTATION

FAST workstations are designed to look beautiful and work perfectly. It could be set with an unmatched range of work chairs, storage, and accessories. Workstations can be planned to support three primary work modes; Focused, Shared, and Team. The product can be shipped anywhere across the globe and assembled with ease.

OPERATIVE DESK

Expert & personnel desks of the FAST Collection belongs to modern generation. Ergonomic and attractive design of this product increase productivity in the workplace.

OPERATIVE MULTIPURPOSE DESK

Folding desk of FAST Collection is a combination of creativity and industry. The most important characteristic of this product is its ease of movement and versatility.

RECEPTION

Do you want to make an outstanding first impression in your waiting room? Reception area desks will bring prestige to your business or office waiting area. Every business needs the finest collection of lobby furniture, which can include desks, tables and comfortable chairs, for their clients who wait. Most reception area desks come with a top transaction counter for the convenience of guests and can be L shaped, straight or even curved to give your waiting room a modern look.

STORAGE

FAST storage units including credenza, filing cabinet and bookshelf have various models and customizable elements that will efficiently accommodate both current and future storage needs. They offer opportunity for decorative display and keep necessary books, binders and tools close available.

Centralized warehouse management is a key investment for our business. Our integrated warehouses are strategically located for optimal efficiency. One of the hallmarks of our integrated warehouses is our central system and modern warehousing software, which enables efficient inventory control and circulation. Our integrated warehouses handle a high volume of daily loading for our projects throughout Iraq and Kurdistan. This is why we place such a high priority on software systems, human resources, equipment, and machinery in our logistics operations.

Boss Transportation ensures the timely and secure delivery of purchase orders, considering the sales department's weekly and daily schedules and maintaining strict warehouse inventory control. With precise programs, up-to-date warehouse systems, and cutting-edge logistics equipment, we guarantee our ability to provide transportation and distribution services for large governmental and private projects. Boss has collaborated with the world's leading office furniture brands for years. Through meticulous planning, we have transcended our role as exclusive representatives in Iraq to become strategic partners. We are proud to announce that, through close collaboration with top international brands, Boss can deliver the largest governmental and private projects to the highest standards in the fastest possible time.

The team..

Collaborative furniture is specifically crafted to support creativity, boost brainstorming, and promote discussion for a group of people. Collaboration furniture addresses the need for teamwork without forcing your patrons to move chairs or rearrange your space.

Water Retainer

We at Water&Soil believe we found a revolutionary answer for drought and dehydration. For agriculture and small gardens. For California, thirsty Africa or the dry Middle East. We don't create water, or make it rain. But we can protect what we have. We can put it to work. And that way, we can unlock the potential that falls on, or is already hidden under ground.
